Memo

From the Desk of:
Howard P. Willens

December 27, 1963

To: J. Lee Rankin

This letter was just received yesterday by our office. One thing I think we should tie down as soon as possible is the precise scope of the responsibility assumed by Attorney General Carr and the approximate time when we can expect to receive materials from the various law enforcement agencies in Texas. I assume you or the Chief Justice may have had conversations regarding this matter with the Attorney General, Mr. Jaworski, or Dean Storey.
